

Designed by Yonoh studio, ARC is a multipurpose chairs and tables collection characterized by a timeless elegant design of fluid and enveloping lines. The original shape of the backrest simulates an arc that embraces the body to provide haven and comfort. The collection includes chairs with two types of frame, sled base or four leg. The versatile tables complete the collection and share common aesthetic features with the chairs. Due to its refined, light and timeless design, ARC chairs have been awarded the prestigious design prize "IF Product Design Award."
