INCLASS

Collection

WABAO

As well suited to a design-led café as it is to a collaborative workspace, the Wabao is a versatile range. Its rounded lines make it both eye-catching and invitingly comfortable.

Wabao

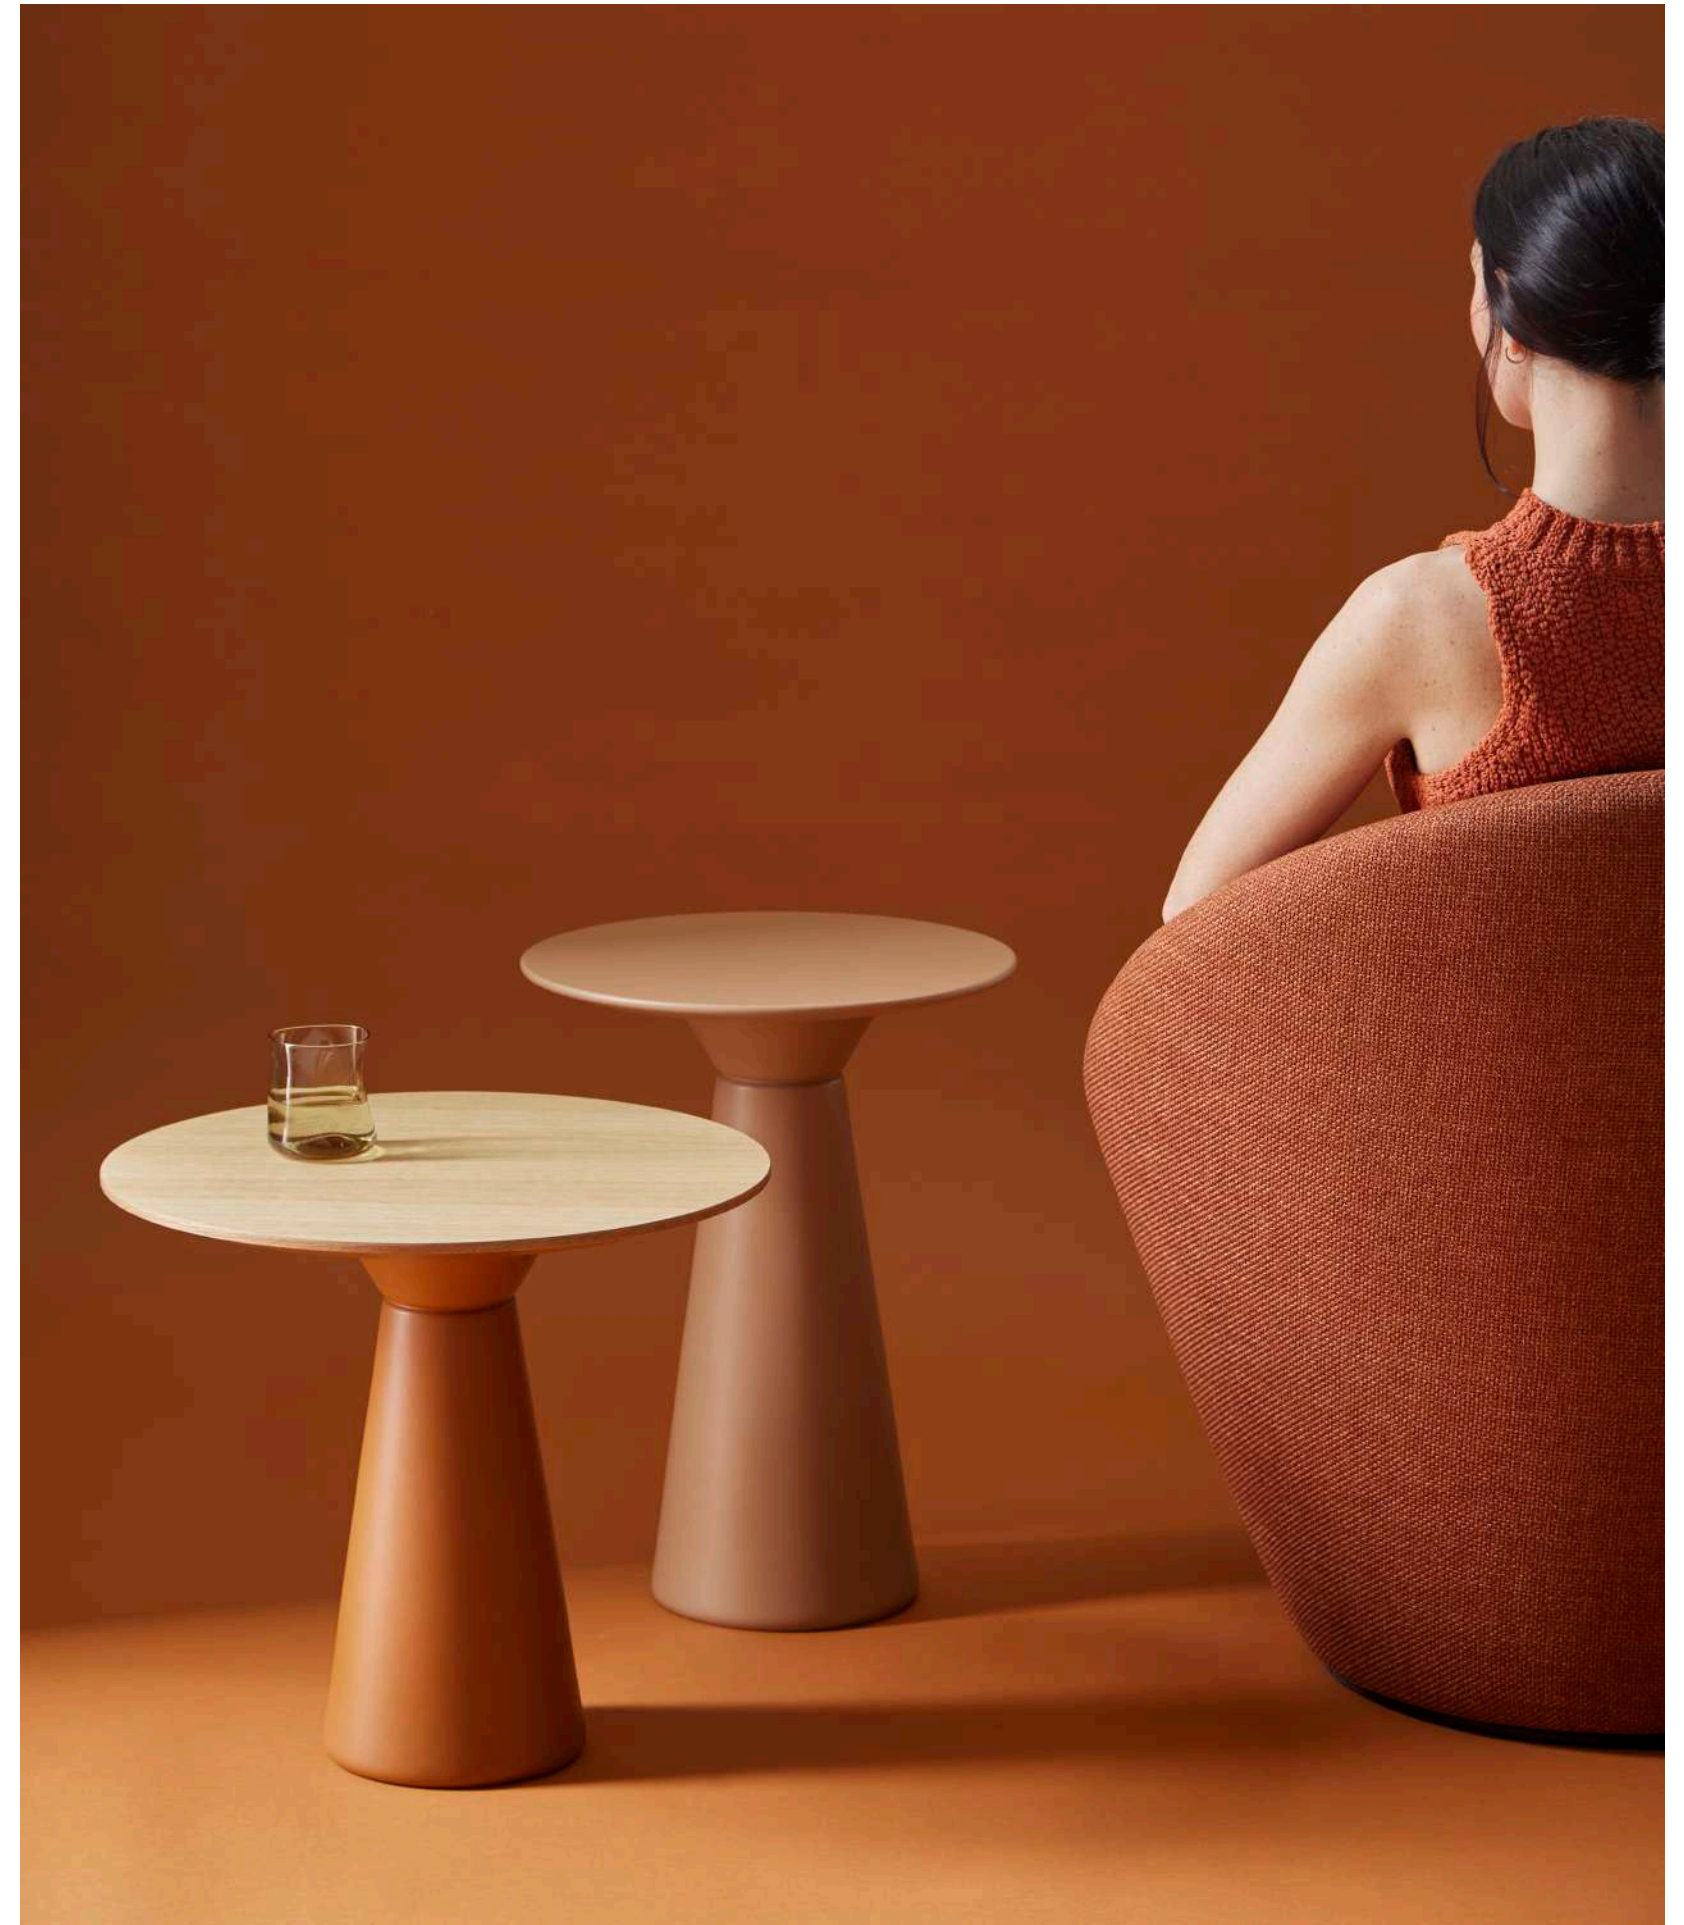

ESSENS OCCASIONAL

The Essens range is expanding with new coffee and side tables. These sculptural pieces have bold bases made of 100% recyclable polyethylene and come with multiple tabletop options.

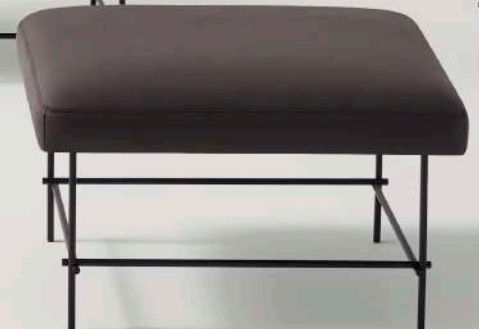

Essens Occasional

NUC

Each element of the Nuc range has an elegant base, featuring a 'knot' that is formed where the crossbars meet the legs. The subtle detail adds visual interest to this range of benches, ottomans, and tables.

LEA

The new versions of the refined, timeless Lea have armrests, making these stackable chairs and stools even more comfortable. Lea is Greenguard Gold-certified for low chemical emissions, contributing to better indoor air quality.

METIZ 480

Metiz seating embraces circular forms, from the plush cushioning to the curved backrests. These rounded shapes continue throughout this charming range, including a sofa, lounge chair, side chair, ottoman, and side table.

Metiz 480

STRIP 805.84

The Strip chair takes things back to nature, both in its organic shape and sustainability. Martin Ballendat designed it with a high proportion of recycled raw materials, and at the end of Strip's long life, it can be easily disassembled for further recycling.

TURN AROUND 210

Inspired by his time working in an upholstery department, Martin Ballendat designed these stools as a contemporary twist on the classic round seat. The stools feature swivel seats and come in two height options.

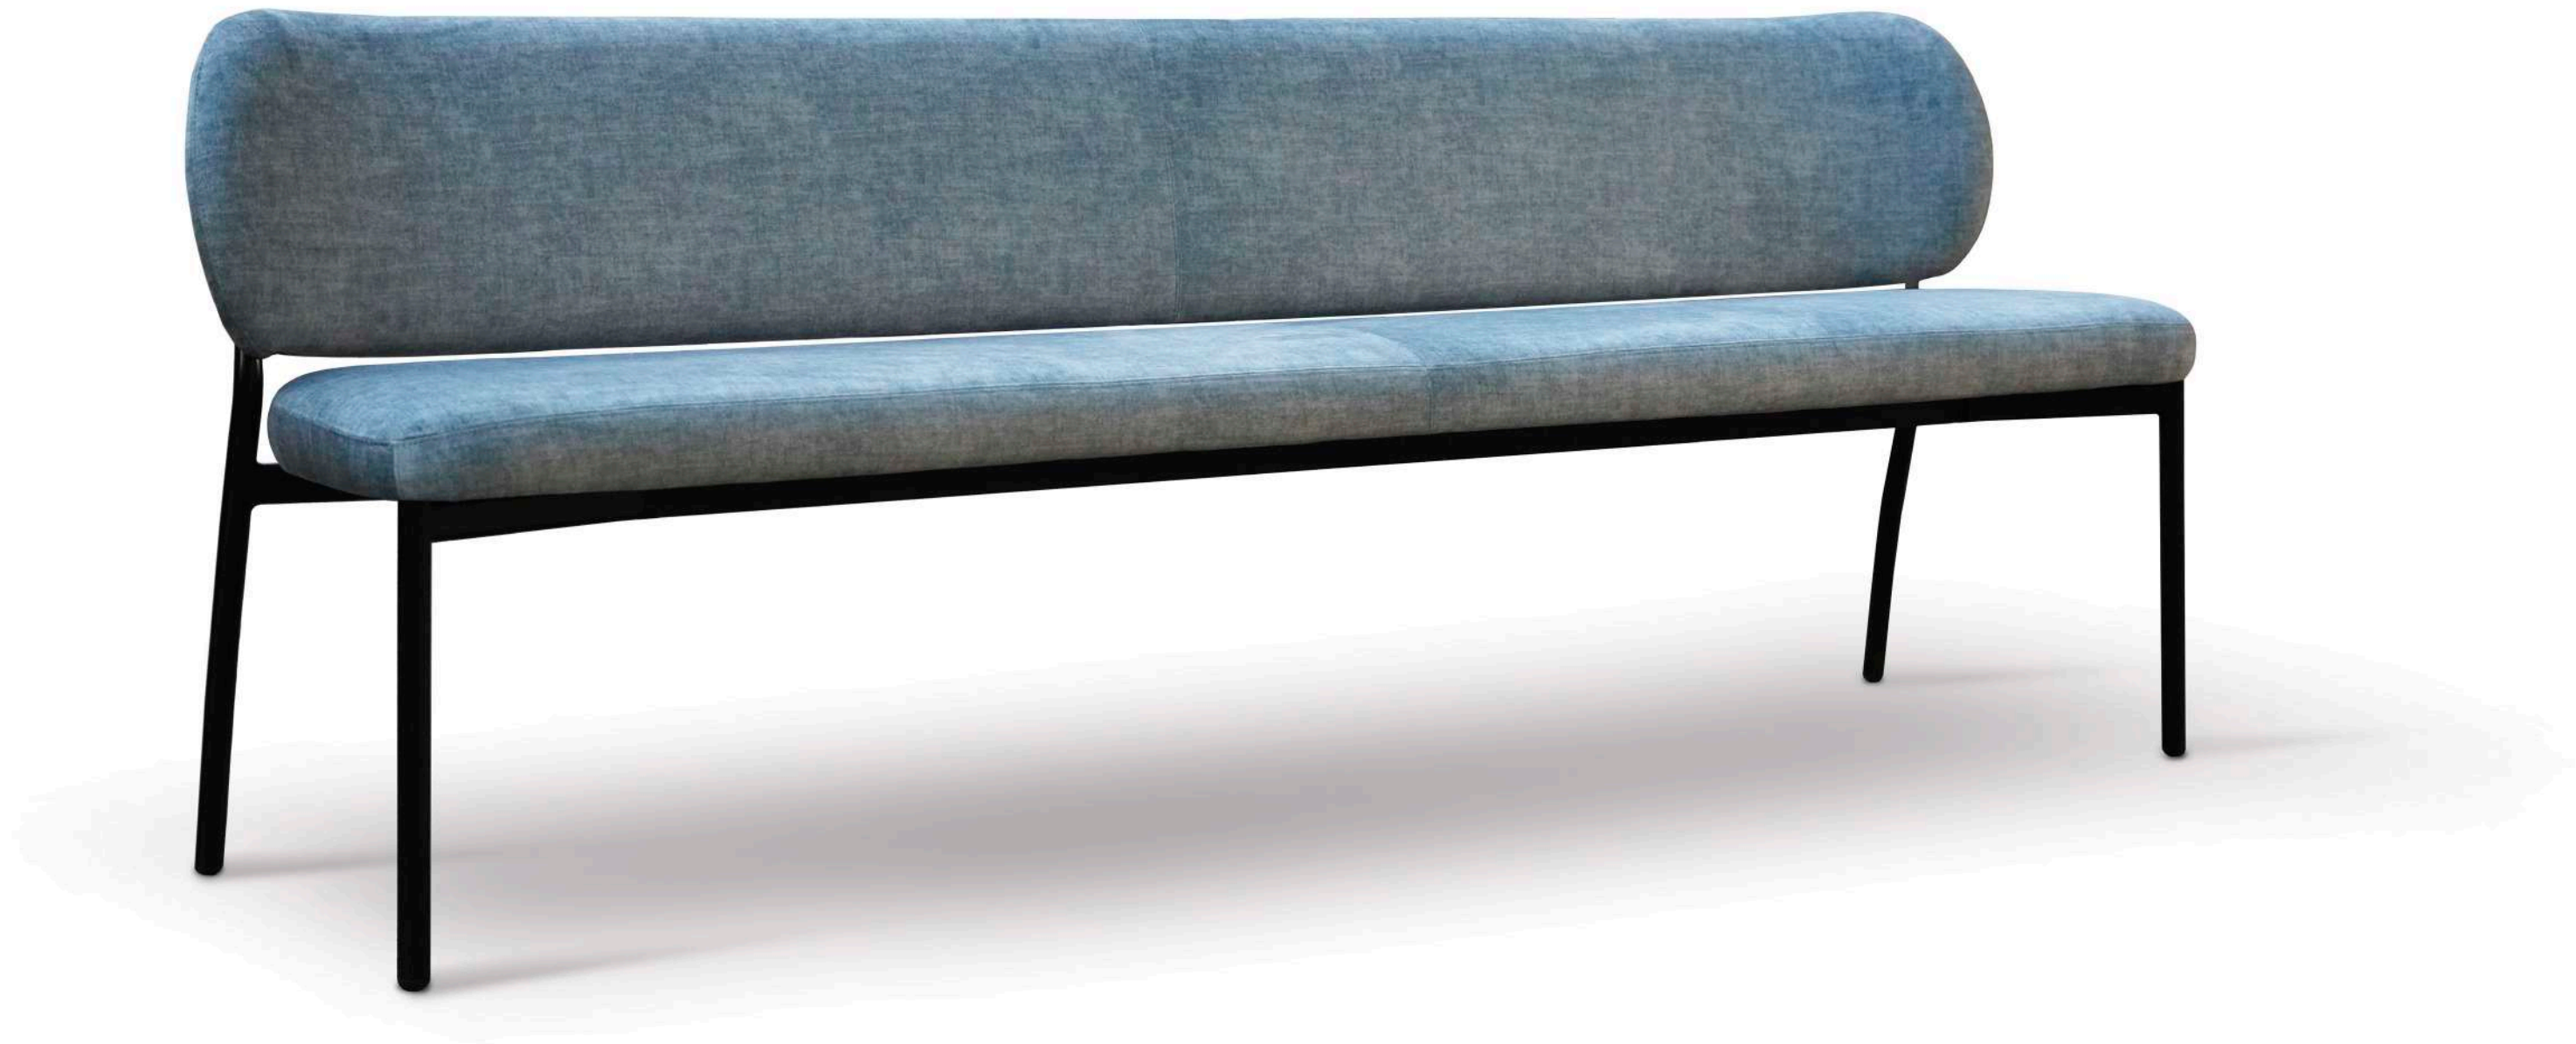

ELI 154

The Eli range, popular for its indoor and outdoor chairs, is expanding with the addition of a new bench. The graceful piece can be custom-made to any size between 5'11" and 8'2".

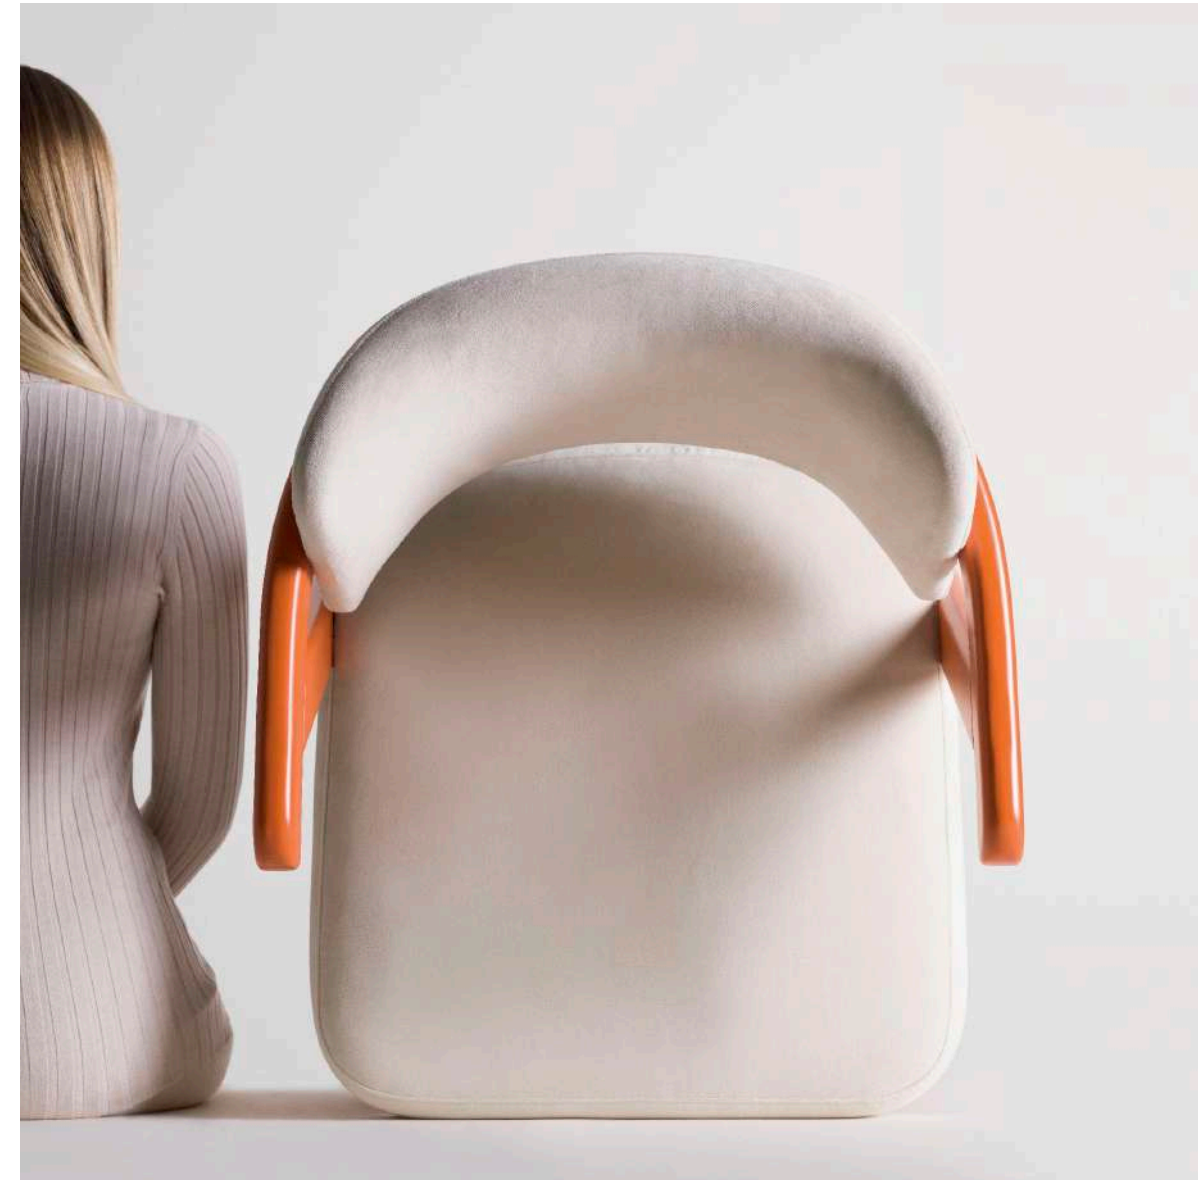

ENJOY 152

The aptly named Enjoy is a comfortable armchair with a seat made of elastic belts and supported by metal rods. The full, welcoming seat is juxtaposed by the delicate metal legs.

MONTBEL

Collection

JUMP

The Jump armchairs and lounge chairs are a fresh take on modern chair design. The suspended backrest, a semicircle, merges with the back legs on a diagonal. These contemporary pieces are highly sustainable, carrying FSC® and TSCA/CARB certifications.

LAMMHULTS

Collection

GEOFANTI

Named for its geometric shapes and generous proportions, the Geofanti is a modular seating range with light-hearted flair. Each element can be used together or on its own, and the upholstery can be removed for cleaning or a design refresh.

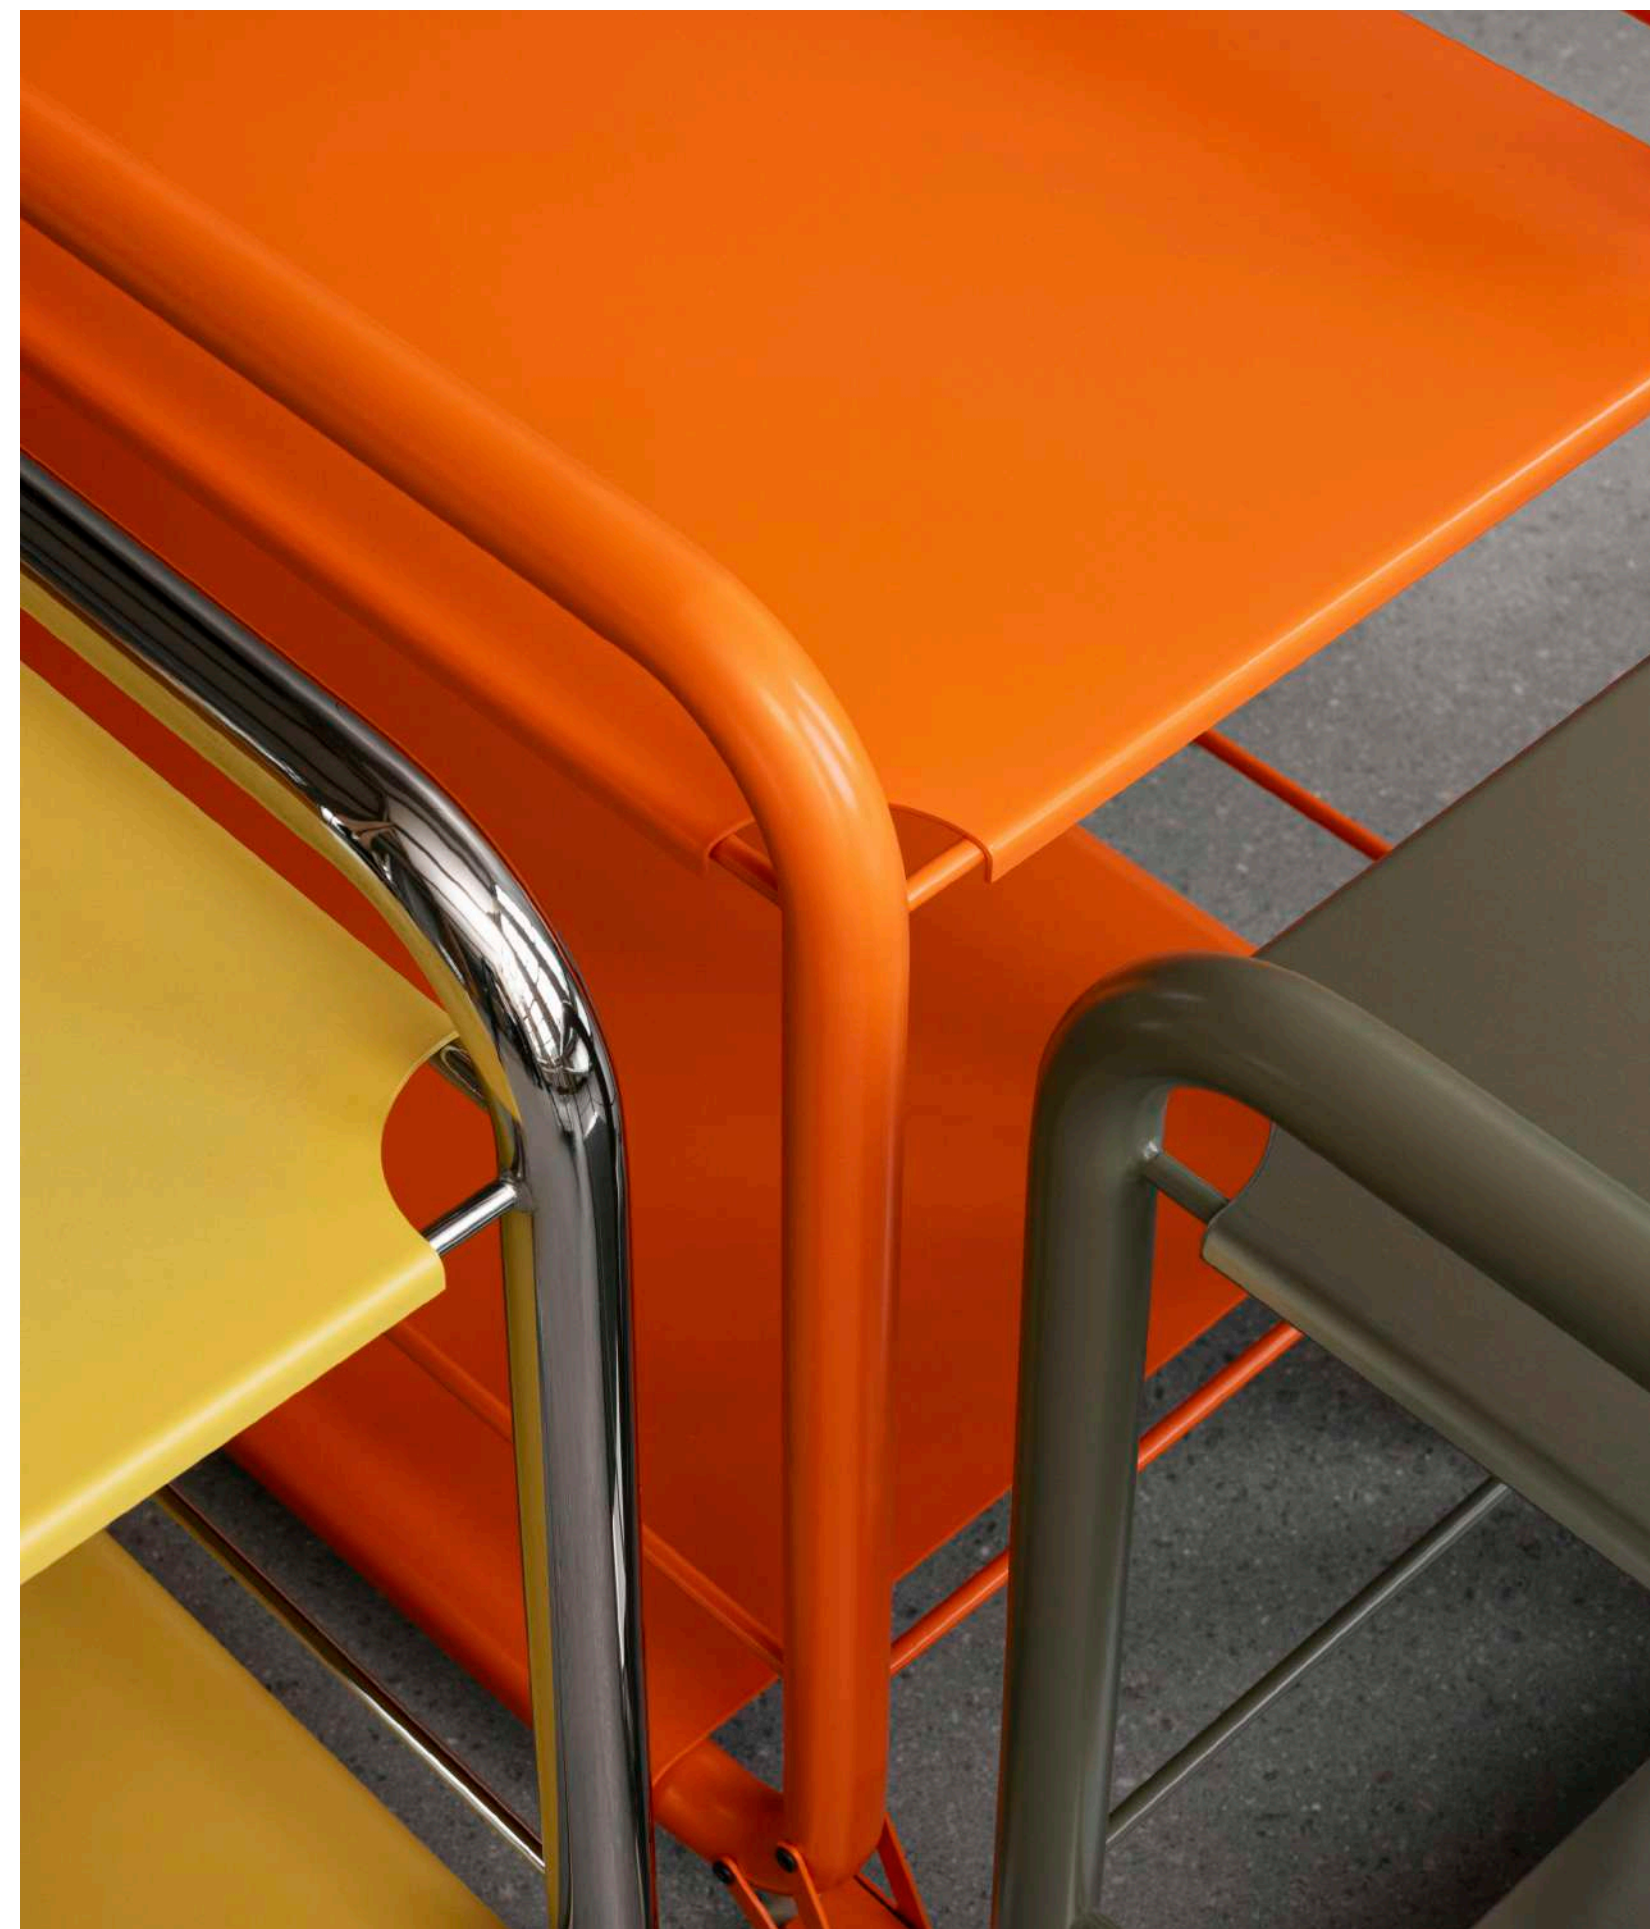

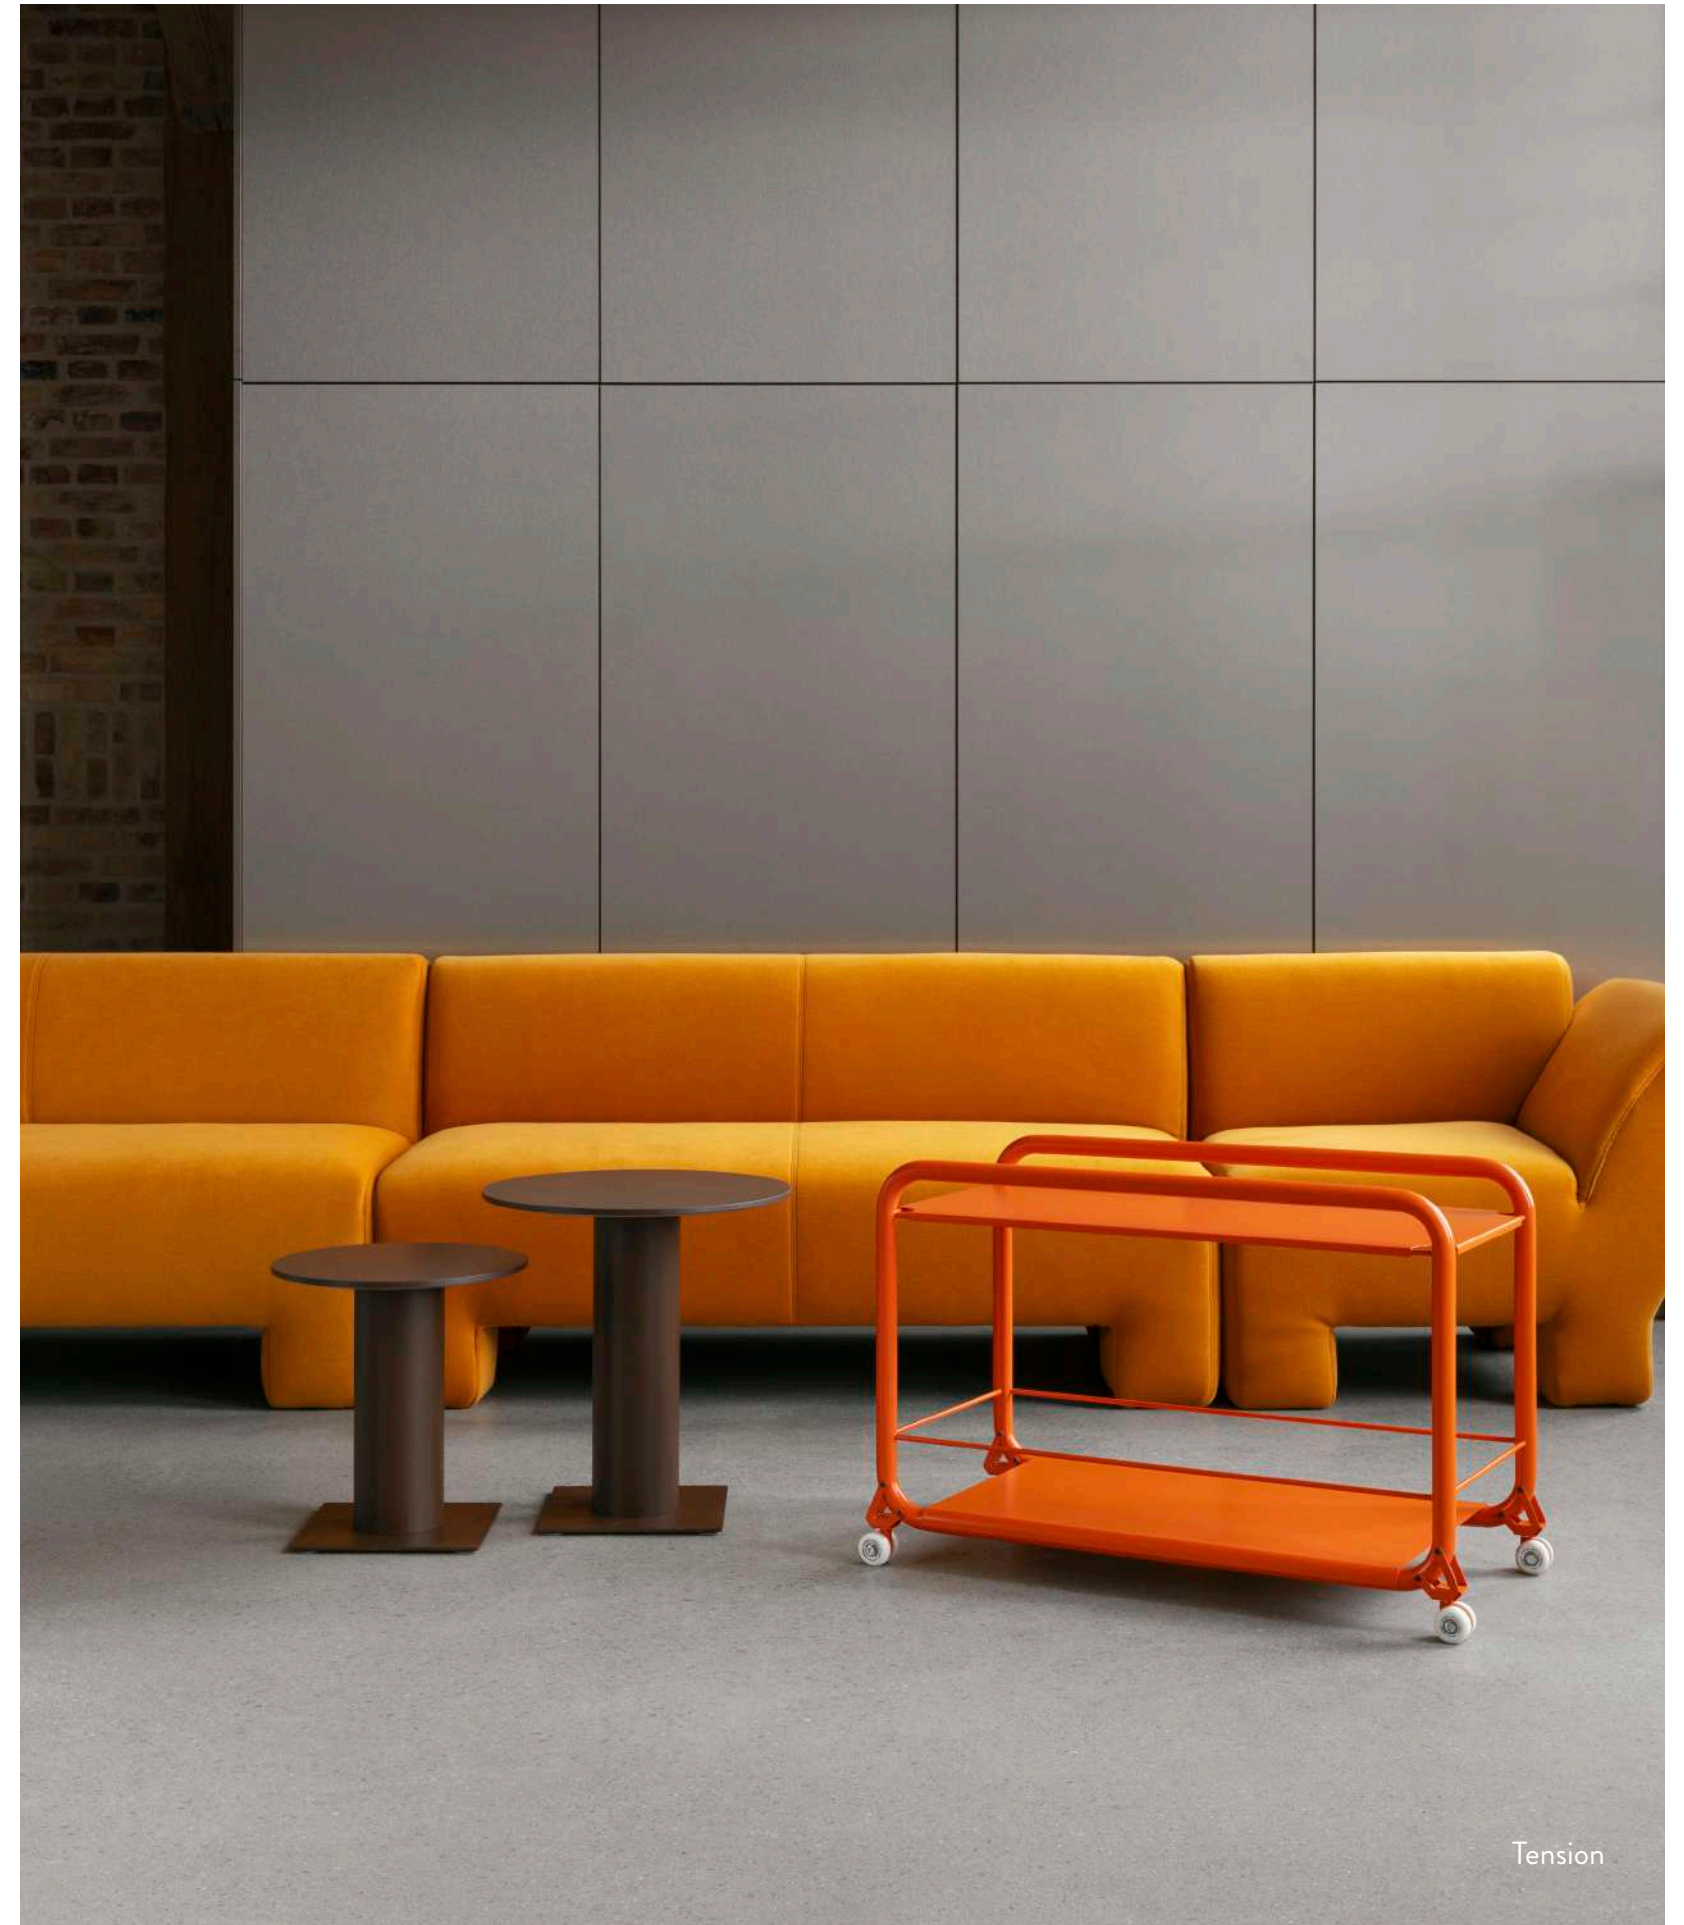

TENSION

This stylish service cart takes its name from the tension cables on a suspension bridge – a nod to the piece’s thoughtful engineering. The steel tubing and slim shelves come in chrome or powder coating, enabling it to fit with a range of color palettes.

Bau

BAU

Bau is an award-winning range of modular seating that stands out for its curved, cushioned silhouette. The elements link together for straight or winding sectional sofas, or they can be used as individual easy chairs and ottomans.

New for 2024: Make Bau 'float' with a hidden 30mm base

ET AL

Collection

ARI

Ari is a modular seating system for outdoor settings, where its double steel tube frame contrasts its soft cushions. Designed by the award-winning Philippe Nigro, the range includes sectional sofa elements, armchairs, ottomans, and coffee tables.

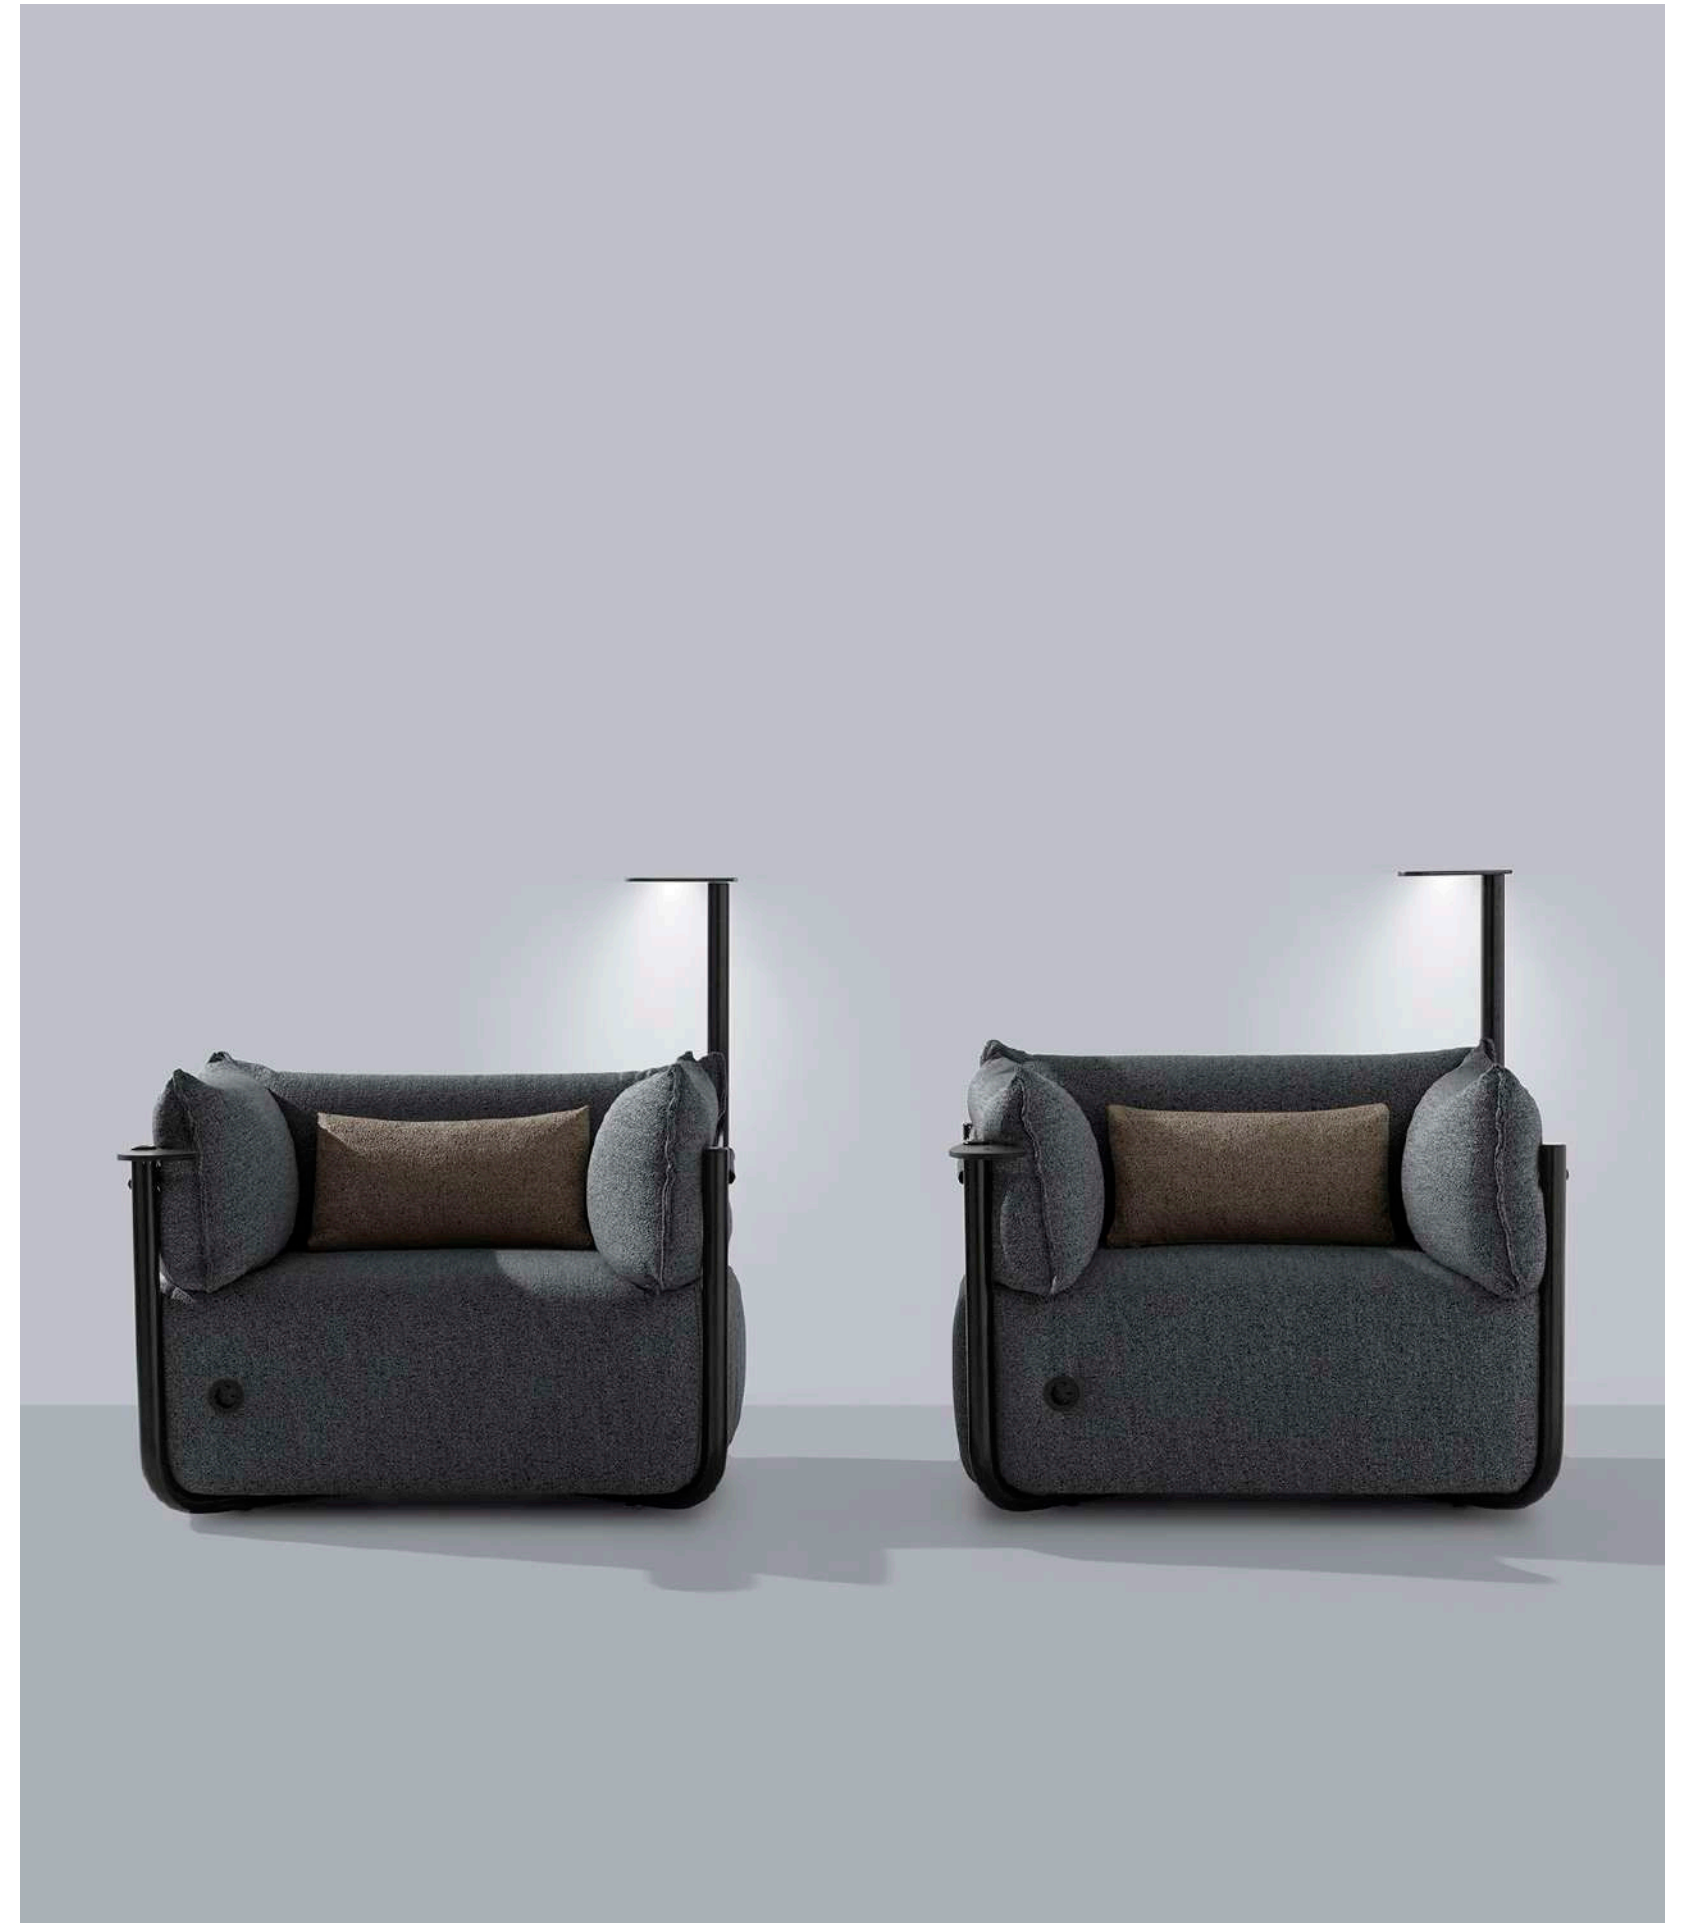

COSMO

Philippe Tabet designed this modular seating with a wide range of seating elements, tables, and innovative accessories. Users appreciate its comfort and functionality, and designers can enjoy countless customization permutations.

WOODLOOK

Collection

WOODLOOK

The Woodlook range delivers the beauty of wood with the strength of aluminum. These chairs are remarkably lightweight yet impressively strong. They are scratch-resistant, antimicrobial, can be recycled continuously, and come with a 15-year warranty.

VOLARE

Collection

TEDDY

With a visible backrest support and ample cushioning, the Teddy range of lounge furniture delivers detail and comfort at a good price point.

Teddy

TUX

Designers can get creative with the Tux, a range of office and lounge seating that is elevated yet simple. It offers various backrest heights and bases and works well with two-tone upholstery.

S-WING

These lounge chairs and ottomans have a distinctive metal frame that offsets the thick cushions. They stand out in solid bold colors and are especially attractive with a matching patterned backrest.

S-Wing

ENVIRONMENTAL STATEMENT

Sandler Seating is committed to achieving good environmental practice and operating in a sustainable manner.

We wholly support and comply with or exceed the requirements of current environmental legislation and codes of practice.

We seek to minimize our waste and then reuse or recycle as much of it as possible.

We minimize energy and water usage in our buildings, vehicles and processes in order to conserve supplies, and minimize our consumption of natural resources, especially where they are non-renewable.

We operate and maintain company vehicles (where appropriate) with due regard to environmental issues as far as reasonably practical and encourage the use of alternative means of transport and car sharing as appropriate.

We hope to continuously improve in respect of air, water, noise and light pollution from our premises and reduce any impacts from our operations on the environment and local community.

We purchase products and services that are the least damaging to the environment and encourage others to do the same where possible.

We assess the environmental impact of any new processes or products we intend to introduce in advance.

All our aluminum and steel frames can be melted down and recycled.

Both our rubber glides and standard fabric ranges are also recyclable.

We aim to reduce our environmental impact and improve our environmental performance as an integral part of our business strategy.

It is our priority to encourage our customers, suppliers and all business associates to do the same.

* Please note that colors shown in this catalog are within the limitations of the printing process and can vary from our actual finish colors. Whenever the exact shade of a color is critical please request a finish sample prior to placing an order.
